Biographical / Historical

The Miriam and Ira D. Wallach Art Gallery advances Columbia University's historical, critical, and creative engagement with the visual arts. Serving as both a laboratory and a forum, The Wallach Art Gallery offers opportunities for curatorial practice and discourse, while bridging the diverse approaches to the arts at the University with a welcome broader public. They present projects that are organized by graduate students and faculty in Art History & Archaeology or by other Columbia scholars; focus on the contemporary artists of our campus and communities; offer new scholarship on University special collections. Established in 1986, The Wallach Art Gallery is the University's premier visual arts space. They are a platform for critically acclaimed exhibitions, a dynamic range of programming, and publications that contribute to scholarship. The Wallach Art Gallery also animates other university spaces as
