Summary

Lists, subject files, photographs, etchings and printed materials relating to the Pazheskii Korpus (imperial Corps of Pages), a school for the sons of the Russian nobility founded in 1802, and the Soiuz Pazhei (Union of Pages), the emigré alumni organization founded in 1920. The materials were collected by representatives of the Union of Pages. The collection consists chiefly of mimeographed newsletters, books, printed mementoes, such as programs, menus, tickets, and school forms, and of pictorial materials, especially photographs and etchings. The great majority of the materials pertain to the Imperial Corps of Pages and to Russia's imperial family, and include many unusual photographs portraying school life and the life of the family of Nicholas II. There are also old photographs of Moscow, St. Petersburg, and Tsarskoe Selo, printed reports of the State Council for 1894-99, newsletters published by the Union of Pages and miscellaneous Russian and foreign publications, originally part of the library of the museum of the Union of Pages in Paris.
