## Historical Note

---

Georges Borchardt was born in Berlin in 1928 and spent much of his childhood in France. He lost his father to cancer in 1939, and a large part of his family, including his mother, died in concentration camps during World War II. Borchardt survived the occupation of France by going into hiding at a school in Aix-en-Provence while his sisters worked nearby at an American field hospital. He emigrated to the United States with his two surviving sisters in 1947. He settled in New York City, where he began his career in publishing by working as an assistant at a literary agency that specialized in foreign writers.

---

## Historical Note

---

During the 1950s and 1960s, Borchardt expanded his career in publishing by representing French publishers and authors in the United States. He co-founded the Georges Borchardt, Inc. Literary Agency with his wife, Anne Borchardt, in 1967. Borchardt introduced to American readers major works by Roland Barthes, Samuel Beckett, Pierre Bourdieu, Gilles Deleuze, Marguerite Duras, Franz Fanon, Michel Foucault, Eugène Ionesco, Jacques Lacan, Alain Robbe-Grillet, Jean-Paul Sartre, Elie Wiesel and Monique Wittig.

## Scope and Contents

---

This collection contains the records of the Georges Borchardt Inc. Literary Agency as well as records from the 1950s and 1960s that pre-date the founding of the agency. The records include agreements, clippings, correspondence, contracts, copyright registration documents, logs, photographs, permission requests, publicity, reports, reviews, rights information, and royalty statements.

---

## Scope and Contents

---

The majority of the collection consists of files related to authors, publishers, and general subjects. These are filed in Series II: Authors, Publishers, and Subjects. This series was previously divided into two series: one for English language and one for French language. As more records were received, however, this division became less clear, and the series is current arranged alphabetically in one series for all author, publisher, and subject files.

[^ Return to Table of Contents](#)

---

## Scope and Contents

---

These files consist primarily of correspondence with authors and publishers on a variety of issues including agreements, contracts, copyright, editing, financial issues, manuscripts, offerings to publishers, permission requests, rights, submissions, and translations. These files also include other records such as author event information, book jackets, catalogs, clippings, publicity items, reviews, and personal communications such as holiday cards, invitations, and postcards. Files with records related to contracts, copyright, permissions, rights, and related royalty statements are often filed separately in "contract" files.

## Scope and Contents

---

Series II also contain subject files on such topics as American Authors, American Publishers, Association of Authors' Representatives, Authors Encouraged and Discouraged, Contracts (General), Movies, Permissions, Publishers (General), Société des auteurs et compositeurs dramatiques, Society of Authors Representatives, and Translators.

[^ Return to Table of Contents](#)

---

## Scope and Contents

---

The agency also kept a set of tear-sheet files. These are filed in Series V: Tear-Sheet Files, and include clippings of various clippings and excerpts, including book reviews, short stories, essays, etc. that were published in magazines, newspapers, journals, and other publications.

[^ Return to Table of Contents](#)

---

## Scope and Contents

---

The collection includes a small collection of photographs of authors. These are primarily promotional portraits, taken in black and white.

[^ Return to Table of Contents](#)

---

## Scope and Contents

---

The collection also includes a set of manuscript logs. The logs are made up of index card files that document the agency's activities as related to specific titles. The index cards include the activity/dates/results of a title's submission to various publishers, date copy returned, etc. These records are filed in Series IV: Manuscript Logs.

[^ Return to Table of Contents](#)

---

## Scope and Contents

---

Documentation of the agency's activities related to foreign editions and foreign rights is frequently filed in a separate set of files. These records are filed in Series III: Foreign Literary Agencies, Publishers, and Rights. These files are arranged by country or region and include both general files related to foreign editions, rights, and publishers as well as files related to specific subagents. Files related to specific English and French language publishers are filed in Series II.

Huxley, Aldous--Older Files

**Scope and Contents**

These files were received together in three record cartons in 2024. The labels on the lids of the

individual boxes were obscured by the shipping label. These contain files related to Brave New World, Jacob's Hands, and various subject files. Most of these, given the time period, are likely from Dorris Halsey and the Reese Halsey Literary Agency, the longtime literary agent for the Huxleys. Files were left in their existing order.

Huxley, Aldous--Laura Huxley--Older Files

**Scope and Contents**

This set of files was filed in one file drawer under Laura Huxley, Miscellaneous. Some of the records relate to Aldous Huxley and his estate, other records relate directly to Laura Huxley and her own work. Most of these, given the time period, are likely from Dorris Halsey and the Reese Halsey Literary Agency, the longtime literary agent for the Huxleys.

[^ Return to Table of Contents](#)

**Series IV: Manuscript Logs, circa 1950s-2012**

**Scope and Contents**

The manuscript logs consist of boxes of index cards. The cards are usually filed by first by author and then by title, although multivolume series are frequently filed first by publisher and then by title. The cards include the activity/dates/results of a title's submission to various publishers, date copy returned, etc.

**Scope and Contents**

Many of these boxes were not clearly labeled as to their contents. Boxes 625-627 appear to document inactive (and for the most part, unsold) titles; these boxes are generally unlabeled and one box is labeled as "inactive." Several other boxes are labeled as "sold" but the majority of the other box labels only indicate the alphabetical range of the box's contents.

**Scope and Contents**

This series contains photographs of authors. These are primarily promotional portraits, taken in black and white. There are a few contact sheets, color slides, and negatives. Photographs were originally in rough alphabetical order in small boxes: for unidentified items, the starting letter of the author's last name was approximated by using the last names of the author photographs nearby in the box.

**Arrangement**

Files are arranged alphabetically.
