## Summary

---

The materials that comprise the Historical Biographical Files have been collected and added to from a variety of sources over the years by current and previous staff. The files consist of materials related to people who have a connection to the University whether as student, alumni, administrator, faculty, staff, guest lecturer, or honorary degree recipient. Materials generally consist of newspaper and magazine clippings, press releases, programs, ephemera, printed matter, lists, reports, and pamphlets.

[^ Return to Table of Contents](#)

---

## Arrangement

---

The files are arranged alphabetically by last name. In addition to specifically named files, there are general alphabetical files (e.g. "AA-AB") and files for multiple individuals with the same last name (e.g. "Jones"). The general alphabetical files generally precede the specifically named files in each alphabetical range. If a listing for a specific individual is not found in the container list, it is possible that there is relevant materials in the appropriate general alphabetical file.
