Revision Description

PDF converted to EAD and description updated by Leah Edelman. 2024-04-11

Conditions Governing Access

This collection contains some restricted material. Restrictions related to specific material are listed in the detailed contents list.

Onsite storage.

Immediate Source of Acquisition

Ada María Isasi-Díaz donated her papers in 2001, with further additions since that time.

Processing Information

When the Burke Library acquired Isasi-Díaz's papers, an attempt was made to maintain the original order she imposed throughout the course of her career. However, some rationalization was introduced for ease of access, research usage and physical preservation. Staples, rubber bands, and metal clips were removed and replaced with plastic clips. Post-it notes and some newspaper clippings were photocopied on acid free paper. All materials were placed in acid-free folders and boxes. Folded materials were flattened and large items transferred from their original positions into oversized boxes. While oversized items are not listed in their original position in the Contents List, a note in the original folder states a reference to its folder placement in oversized Series 9. Likewise, a note exists in the Series 9 folder referring to the original series folder and contents therein relating to the item. The

finding aid was created by Gabriel A. Salguero in 2003, updated with additions by Matt Pereira in 2008 and by Marlene Smith in 2009, and edited by Leah Edelman in 2024.
